## **FOCUS PDCA Worksheet Template**

|    | Find a Problem or Improvement Opportunity   |      |                     |  |  |
|----|---|------|---------------------|--|--|
|    | Study customer surveys, employee feedback, performance data, etc. to identify issues and create a prioritized list.                 |      |                     |  |  |
| F  |   |      |                     |  |  |
|    |   |      |                     |  |  |
|    | Organize a team   |      |                     |  |  |
| O  | Name  | Role | Contact Information |  |  |
|    |   |      |                     |  |  |
|    | Clarify Current Knowledge of the Problem  |      |                     |  |  |
|    | After identifying a high-priority issue to focus on, write a clear problem statement. Attach a process map to illustrate the issue. |      |                     |  |  |
| C  |   |      |                     |  |  |
|    |   |      |                     |  |  |
|    | Understand the Root Causes  |      |                     |  |  |
| TT | Gather information and conduct a root cause analysis. Attach any relevant tools, such as a fishbone diagram                         |      |                     |  |  |
| U  |   |      |                     |  |  |
|    |   |      |                     |  |  |
|    | Select an Improvement Strategy  |      |                     |  |  |
| S  | Identify potential solutions and describe the rationale for each intervention.  |      |                     |  |  |
|    |   |      |                     |  |  |
|    |   |      |                     |  |  |
|    |   |      |                     |  |  |

| P   | Plan the Improvement  Define objectives, measures, and an action plan for implementing the improvements. |                                    |                                      |  |  |  |
|---|--|------------------------------------|--------------------------------------|--|--|--|
|   |  |                                    |                                      |  |  |  |
|   |  |                                    |                                      |  |  |  |
|   | D  | Implement the Plan                 |                                      |  |  |  |
| Record observations, setbacks, and results. |  |                                    |                                      |  |  |  |
|   |  |                                    |                                      |  |  |  |
|   |  |                                    |                                      |  |  |  |
|   |  |                                    |                                      |  |  |  |
|   |  |                                    |                                      |  |  |  |
|   |  |                                    |                                      |  |  |  |
|   | Check the Results  |                                    |                                      |  |  |  |
|   |  | ectiveness and determine whether a | djustments are needed by comparing   | the results to predicted outcomes. Attach do |  |  |
| $\mathbf{C}$                                |  |                                    | djustments are needed by comparing   | the results to predicted outcomes. Attach do |  |  |
